

报告题目: An introduction to the log-Brunn-Minkowski conjecture 报告人: 席东盟教授(上海大学) 时间: 2024-04-26 星期五 15:00-16:00 地点: 腾讯会议: 526-219-609

报告摘要:

Nowadays, the log-Brunn-Minkowski conjecture is becoming one of the central problems in convex geometry. We first give an intuitive description of this conjecture, and then we discuss some recent developments including our work.
