Time：Thursday, Nov. 5th, 16:00-17:00
Venue: Room 102, SCMS

Abstract:

In this talk, I will survey my joint work with Jiesong Zhang (2025) on rigidity in holomorphic dynamics and discuss the recent AI-assisted proof of Ghys's conjecture in complex dimension three. Time permitting, I will also share some personal thoughts on mathematical research and education in the AI era.
