报告题目: Low regularity solutions of relativistic Euler equations

报告人: 张华丽 (湖南大学)

时间: 2026-10-23 星期五 13:30-14:30

地点: 光华东主楼1601

报告摘要:

In this talk, we will present new low-regularity results for the 2D and 3D relativistic Euler equations. The result is based on joint work of Andersson and Zhang, and it can be viewed as a nontrivial extension from the classical Newtonian case to the relativistic setting.
